## Equine Muscle Release Therapy's First Aid for Horses

**Developed by Alison Goward Dip. RM.SM.BT**

Endorsed by B.T.A.A. BOWTECH® The *original* Bowen Technique

Have you been in an emergency situation and wondered if there was anything you could do to help your horse while waiting for the vet?

**If so then Equine Muscle Release Therapy's (EMRT™)**

**Veterinary supported "First Aid for Horses" course is for you.**

### You will learn how to:

- How to handle your horse in a First Aid situation
- Check the horse's vital signs
- How to stop bleeding, manage wounds and bandaging
- How to deal with common First Aid conditions e.g. Azoturia (tying up), Anhidrosis (dry coat), bowed tendon, choke, colic etc whilst waiting for the vet
- EMRT™ First Aid Remedies
- EMRT™ First Aid Emergency moves – these moves are only to be used in an Emergency First Aid situation
- EMRT™ First Aid **DOES NOT REPLACE Veterinary Advice**

**For more information or to book onto a course contact:**
